BESCHERM JEZELF EN ANDEREN.
Draag een mondkapje
(verplicht).

PROTECT YOURSELF AND OTHERS.
Wear a mouth mask (mandatory).

Bedankt

Infosheet COVID-19

Rehearsal Rooms

1. SOCIAL DISTANCING:

- 1.1. Respect the social distancing, use the chairs and put them 1.5m away from each other.
- 1.2. Respect the maximum capacity of the room (see door).
- 1.3. Place singers and musicians with a wind instrument at a greater distance than other musicians (greater air displacement). 2 meters or more is recommended.
- 1.4. This is an example of a good space setup for a typical pop / rock setup:

2. MATERIAL AND DISINFECTION:

- 2.1. The spaces are cleaned on a daily basis. The "High Touch" surfaces (door handle, light switch, ...) are disinfected several times a day.
- 2.2. Trix disinfects the vocal system, the key of the rehearsal room and the drum kits after every use.
- 2.3. Provide your own vocal microphones. If not possible, Trix provides 3 microphones per room, as usual. For vocal microphones we provide the following "microquarantine": microphones are not used for 3 days and disinfected on day 4 and put back into circulation.
- 2.4. Each musician only touches his own instruments.
- 2.5. General (hand) hygiene: see p. 1 and local guidelines.

3. VENTILATION:

- 3.1. The door should remain closed during a rehearsal (noise) and afterwards (anti-theft).
 - 3.2. The rooms are ventilated via HVAC system. 100% fresh outside air is supplied. There is also extra ventilation before and after a rehearsal. Do not block the white grids in the wall.
 - 3.3. There is a CO2 monitoring device in the room. CO2 value should stay under 1200 ppm.
 - 3.4. During long rehearsals, it is recommended to take regular breaks and to ventilate the room by opening the doors. Please, watch your and our equipment!
 - 3.5. Ventilation schedule: daily, 09:00 until 02:00.
4. Circulation inside the room and in Trix: see markers on the floor.
5. **BREAKS:** always take social distancing into account, with a strong recommendation to take the break outdoors (garden).
6. Sick people are not allowed to participate in a rehearsal.
7. Initially we work with adjusted opening hours. Check the website for the latest information.
8. Rehearsing together is possible in amateur and (semi-) professional context.
9. Wearing a **mouth mask is mandatory** in Trix. (2 exceptions: when having a drink (seated) in the café/garden or during a “static activity” such as rehearsal and workshops, but always keep social distancing in mind (see above).)
